

Kumi Action: Help the Palestine Museum of Natural History

The Palestine Museum of Natural History does amazing work, and deserves your support. Help it out by doing one (or more!) of the following:

- Run a quick fundraising drive and send a contribution to the museum at <https://www.palestinenature.org/donations/>.
- The Palestine Museum of Natural History is very close to well-known tourist destinations such as Rachel's Tomb and Banksy's Walled-Off Hotel. But it receives much less traffic. If you or someone you know is planning to visit Palestine, and specifically Bethlehem, add the museum to your itinerary: <https://goo.gl/maps/qGyw9wwYSoL2>
- And if you aren't planning such a visit, you can help others find it. Contact a local travel agent or tour company and provide information on the Palestine Museum of Natural History. Alternately, promote it online on a site like TripAdvisor.

Share news of your donation or advocacy for the museum on social media. Include a link to this page of the Kumi Now website along with the hashtags #KumiNow and #Kumi23.

Additional action: Help share Tent of Nations

Since we are working with Tent of Nations this week, it is a good reminder that you should check out their website (<http://www.tentofnations.org>) and follow them on Facebook (<http://www.facebook.com/tentofnations>), Twitter (<https://twitter.com/TentOfNations>), and Instagram (<https://www.instagram.com/tentofnations/>).

While there, share one or two of their photos or posts on your own social media accounts.
