You Should Know

One or two people, companies, or organizations generally related to the issue of the week you should know, and how you can follow them online.

Alternative Tourism Group (ATG)

The **Alternative Tourism Group (ATG)** is a Palestinian NGO specializing in tours and pilgrimages that include critical examinations of the history, culture, and politics of the Holy Land. Established in 1995, ATG operates according to the tenets of “justice tourism”, that is, tourism that holds as its central goals the creation of economic opportunities for the local community, positive cultural exchange between host and guest through one-on-one interaction, the protection of the environment

and political/historical education. ATG works to encourage all tourism operators to abandon exploitative mass tourism and to adopt practices that positively affect the host population. Through these methods, ATG seeks to promote a positive image of Palestine and its people and to contribute towards establishing rightful peace in the area. Since its establishment, ATG has provided its services to thousands of people from all over the world. You can read more about ATG [here](#).

You can find ATG on their [website](#) and follow them on [Facebook](#), [Twitter](#), and [LinkedIn](#).

ATG publishes an amazing guidebook called *Palestine & Palestinians* that is available in EIGHT languages. You can find [more information on their website](#). You can order it several places, including at [kufiya.org](#).

Grassroots Al-Quds

Grassroots Al-Quds was established in 2011 out of the belief in Jerusalem's historical and current importance and the need for a platform for Palestinian networking in the city. Their goal is to support Palestinian sumoud (steadfastness and resilience) in Al-Quds. They research and create knowledge that supports community mobilization. They build networks between the different Palestinian communities in Jerusalem, so that they can overcome their fragmentation by the Israeli occupation authorities, and make long-term plans and strategies for the city as a whole. They can help you learn about [Jerusalem](#) and help you [book a tour](#).

You can find them on their [website](#) and follow them on [Facebook](#), [Instagram](#), [Twitter](#) https://twitter.com/grassroots_quds, and [YouTube](#).

You can buy their amazing guidebook to Jerusalem, *Wujood*, and map of Jerusalem [here](#). The page also has links to their wonderful FREE apps for iOS and Android. Or just search for 'Wujood' in the iOS or Android app stores.

Network for Experiential Palestinian Tourism Organization (NEPTO)

Network for Experiential Palestinian Tourism Organization (NEPTO) is a coalition of 16 Palestinian organizations that work in tourism and pilgrimage. Its mission is "To develop, consolidate, coordinate and promote the humanistic, cultural, heritage, historic, solidarity and environmental programs and to incorporate them into the Palestinian tourism and cultural developmental frame through the establishment of a representative coalition of common efforts

producing tourism programs with a distinct Palestinian identity.”

You can find NEPTO on their [website](#) and follow them on [Facebook](#).

Siraj Center

Siraj Center creates links between Palestinian people and friends from around the world through educational tourism and cultural exchange. Since 2005 Siraj Center has, according to its website, “been achieving its vision of becoming one of the most prominent and innovative organizations driving the development of responsible tourism, and re-branding Palestine as a destination for experiential travel and human connection. We are pioneers in Palestine. Our diverse responsible tourism programs include local community tours, home stays, interfaith programs, pilgrimages, and cultural and fact-finding missions, as well as other special interest programs. We are committing to making our tourism packages environmentally friendly, and offer an extensive array of outdoor programs, including walking/hiking (www.walkpalestine.com) and cycling tours (www.bikepalestine.com) along the Nativity Trail, Sufi Trail, Jerusalem Wilderness and Abraham Path, the first long distance walking route through the West Bank (www.masaribrahim.ps).”

June 22: Week 25 - Palestinian Refugees

[Read the full entry online.](#)

Palestinians who were either forced from or fled their homes in 1948 and 1967 hoped for a quick return to their houses and land. Few would have foreseen that, decades later, they and their descendants would be living as refugees or internally displaced Palestinians. As the United Nations celebrates June 20 as World Refugee Day,¹ we want to work to restore hope to those original Palestinian refugees and their descendants.

For our Kumi Action we will send copies of U.N. General Assembly Resolution 194 to those that really need to read it.

June 29: Week 26 - Nuclear Israel

[Read the full entry online.](#)

The Treaty on the Non-Proliferation of Nuclear Weapons (NPT) was signed on July 1, 1968. According to the U.N., "More countries have ratified the NPT than any other arms limitation and disarmament agreement, a testament to the treaty's significance."¹ Only five countries are not party to the treaty: North Korea, South Sudan, India, Pakistan, and Israel.

For our Kumi Action we will design nuclear hazard signs and give them to Israel.

You Should Watch or Read...

One (or maybe two) recent or not-so-recent film, book, video, article, or other piece of art that you should consider reading or watching this week. Have a recommendation? Let us know.

Route 181 - Part 2

This week, the **Palestine Film Institute** has posted the **second** half of **Route 181** (2002, documentary, 270 minutes) for the film of the week. The first half is still available if you didn't catch it. You have until Wednesday to watch them for free [on their website](#). More about the film:

"Route 181, offers an unusual vision of the inhabitants

of Palestine-Israel, a common vision of an Israeli and a Palestinian.

In the summer of 2002, for two long months, Eyal Sivan and Michel Khleifi travelled together from the south to the north of their country of birth, traced their trajectory on a map and called it Route 181. This virtual line follows the borders outlined in Resolution 181, which was adopted by the United Nations on November 29th 1947 to partition Palestine into two states.

As they travel along this route, they meet women and men, Israeli and Palestinian, young and old, civilians and soldiers, filming them in their everyday lives. Each of these characters has their own way of evoking the frontiers that separate them from their neighbours: concrete, barbed-wire, cynicism, humour, indifference, suspicion, aggression...Frontiers have been built on the hills and in the plains, on mountains and in valleys but above all inside the minds and souls of these two peoples and in the collective unconscious of both societies.

Route 181, Fragments of a Journey in Palestine-Israel, takes us on a disorientating journey across this tiny territory with vast ramifications."

What's Next

We hope to see you in the online gathering on Tuesday, after which you'll receive another newsletter next Friday/Saturday, focused on our next issue, [Palestinian Refugees](#). As always, there is more to come!

Sincerely,

The Kumi Now Team
