

# Kumi Action: Help Tent of Nations

Today's action is based on a letter from Friends of Tent of Nations North America. You can read the full letter [here](#).

The letter and actions are focused on the United States, but it is imperative that support for Tent of Nations and pressure on Israel comes from around the globe. So please, consider

- contacting your own government
- starting a petition in your country

The links will all be shared in chat, and the full letter and links can be found on the page for today's meeting:

<https://kuminow.com/week-29-israeli-apartheid-wall-online-gathering/>

## What You Can Do

1. Sign this [petition](#) to be delivered to the U.S. Secretary of State and the U.S. Embassy in Israel.

2. Contact your senators and representatives. Urge them to ask the State Department to question the Israeli government about the Israeli military's recent acts of destruction of Nasser property and the delays of the re-registration.
