Dear Kumi Now supporter,

We would appreciate it if you could share the session with your community or on social media. You could use text such as:

And now, let's move on to this week and Tuesday's online gathering:

The United Nations observes June 1 as the [Global Day of Parents](#), acknowledging the critical role that parents have in the lives of their children. But it is common for Palestinian parents to spend time worrying about their children and the reality that, in the end, the occupation has more control over their children than they do as parents. And many Palestinian parents spend this day thinking about, or trying to visit, their children held in Israel's military court systems. Worst of all are the parents who have seen the lives of their children taken from them by the weapons of Israeli occupation forces.

### Kumi Week #22: Child Fatalities

Week 22 of Kumi Now is now available [on the website](#). The United Nations observes June 1 as the Global Day of Parents, acknowledging the critical role that parents have in the lives of their children. But it is common for Palestinian parents to spend time worrying about their children and the reality that, in the end, the Occupation has more

control over their children than they do as parents. And many Palestinian parents spend this day thinking about, or trying to visit, their children held in Israel's military court systems. Worst of all are the parents who have seen the lives of their children taken from them by the weapons of Israeli occupation forces. With these parents and lost lives in mind, the Kumi Now community this week looks at the all-too-real child fatalities of the Occupation and what you can do so that together we can *rise up*.

Please read the essay on this issue and the story about Fa'iq Ahmad Sbeih, a farmer. Last year we were joined by **Rifat Kassis**, founder of **Defense for Children International**, for our [online gathering](#). And here are a few more facts for you:

## Understanding Child Fatalities: Just the Facts...

- A total of 67 Palestinian children were killed in the Gaza Strip and 2 children were killed in Israel since the start of the Gaza war on May 10.
- 15 Palestinian nuclear and extended families lost at least 3, and usually more, of their members in the Israeli bombing in the first week of the conflict.
- Wiping out entire families in bombings was a strategy of the Israeli military in 2014. In the 51 days of the 2014 war, UN figures show 142 Palestinian families were erased (742 people in total).
- There have been a total of 73 Palestinian child fatalities since the start of the year.
- Since 2005, 6 major military offensives in Gaza have killed at least 1,000 Palestinian children.

- Since Israel targeted the sole power plant in Gaza in 2014, leaving it inoperable, homes rely on candles and kerosene stoves, which has led to fires that have taken the lives of several children.
- DCIP has documented 73 settler attacks against children since January 2015.
- 781 Palestinian children were killed by Israeli military and police forces, settlers, and private security guards from 2011 to 2020.

## Learning More

You can start by reading the recent **New York Times** front page story [“They Were Only Children”](#) by **Mona El-Naggar**, **Adam Rasgon** and **Mona Boshnaq**.

To go deeper, we are developing an extensive list of [Additional Resources](#) at the bottom of this week’s entry as well as a [YouTube playlist](#) on the subject.

Once you understand the situation you'll want to get involved. Here's the Kumi Action for this week. We're now releasing a video each week focusing on the Kumi Action! Check out the one below [on YouTube](#).

## Kumi Action

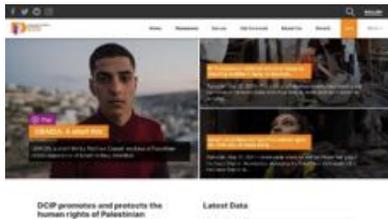

**Defense for Children International Palestine** keeps track of the violence done towards

children, so that their lives are not forgotten. While being respectful of the dead and their families, it is also important to put a human face on the suffering in Palestine. As such, we urge you to find respectful ways to share these images and stories in your Kumi Community: [https://www.dci-palestine.org/tags/fatalities\\_and\\_injuries](https://www.dci-palestine.org/tags/fatalities_and_injuries)

Think carefully about what and how to share to social media. If you do so, include the hashtags #NoWaytoTreatAChild, #KumiNow, and #Kumi22.

## You Should Know

*One or two people, companies, or organizations generally related to the issue of the week you should know, and how you can follow them online.*

### Defense for Children International Palestine (DCIP)

**Defense for Children International Palestine (DCIP)** provides direct and free legal aid to Palestinian minors in the Israeli military court system and the Palestinian juvenile justice system and works to limit incarceration periods. DCIP exposes grave human rights violations, including torture and other cruel, inhuman or degrading treatment or punishment, against Palestinian minors under the jurisdictions of the Israeli military court system and the Palestinian juvenile justice system and holds perpetrators accountable. DCIP also conducts evidence-based advocacy in support of policy changes that increase protections and advance access to justice for Palestinian minors.

Last year, DCIP released the short film [“Palestinian children in Gaza dream of a better future”](#).

A couple years ago, DCIP produced a short film profiling [“Obaida”](#). Obaida was shot dead by Israeli soldiers earlier this month. You can learn more about Obaida and what happened on a [recent episode of Democracy Now!](#)

## Upcoming Weeks

And here's what we have coming up in June so you can plan ahead and decide how you

want to be a part of Kumi Now:

# KUMI NOW ONLINE: MAY/JUNE, 2022

**EVERY TUESDAY | 6PM PALESTINE TIME | KUMINOW.COM**

Each week below will have an online gathering with a guest or guests speaking on the topic. The time and Zoom link are the same each week.

The weekly newsletter will always contain reminders of the upcoming online gatherings and the Zoom link. But if you're like me and need a reminder right before the sessions begin, you can [register to receive a reminder email one hour prior to each online gathering](#). And no more digging through your inbox looking for the Zoom link! Just [use the registration form at the bottom of the page](#).

## June 4 to 10: Week 23 - Environmental Effects of Occupation

[Read the full entry online.](#)

June 5 is World Environment Day. While Palestinians as a people are under constant threat and assault from the occupation, the environment around them, and on which they rely, bears similar attack. A community can't hope to heal in an environment that is sick, and conversely, a society that is suffering is unable to aid the environment in its own recovery.

For our Kumi Action we will help out the Palestine Museum of Natural History.

## June 11 to 17: Week 24 - Tourism and Pilgrimage

[Read the full entry online.](#)

For the northern hemisphere, students and families around the world are beginning their summer vacations. While in the southern hemisphere students may be looking forward to a winter break. Many people take these times to travel: to visit family, as tourists, or as pilgrims. Whether or not you are spending your own travel money to go on holiday or pilgrimage in Israel and Palestine, you can, as part of the Kumi Community, help

have an impact.

For our Kumi Action we will share information about Palestinian historical and tourist sites.

## June 18 to 24: Week 25 - Palestinian Refugees

[Read the full entry online.](#)

Palestinians who were either forced from or fled their homes in 1948 and 1967 hoped for a quick return to their houses and land. Few would have foreseen that, decades later, they and their descendants would be living as refugees or internally displaced Palestinians. As the United Nations celebrates June 20 as World Refugee Day,<sup>1</sup> we want to work to restore hope to those original Palestinian refugees and their descendants.

For our Kumi Action we will send copies of U.N. General Assembly Resolution 194 to those that really need to read it.

## June 25 to July 1: Week 26 - Nuclear Israel

[Read the full entry online.](#)

The Treaty on the Non-Proliferation of Nuclear Weapons (NPT) was signed on July 1, 1968. According to the U.N., “More countries have ratified the NPT than any other arms limitation and disarmament agreement, a testament to the treaty’s significance.”<sup>1</sup> Only five countries are not party to the treaty: North Korea, South Sudan, India, Pakistan, and Israel.

For our Kumi Action we will design nuclear hazard signs and give them to Israel.

### What's Next

We hope to see you in the online gathering on Tuesday, after which you'll receive another newsletter on Saturday, focused on our next issue, [Environmental Effects of Occupation](#). As always, there is more to come!

Sincerely,

The Kumi Now Team
